

CONSTANT GOD - Whatever the thought, the deed, the possibility - there is God, always there, knowing our thought and awaiting our request for His insight.

Liberation?

Upwards of 1 million dead,
a nation destroyed,
then abandoned.

Daily blackouts,
worms in the drinking water,
garbage piled up for days.

Disease rampant,
infant mortality high,
and mutated births routine.

Our good intentions
matter little to those in Iraq
who daily see our legacy.
